- Yoruba

David Dansou

Building Electrician · Fullstack Developer · Cybersecurity

PROFILE

Qualified building electrician (CQM) with more than three years on site, now a fullstack developer and cybersecurity specialist (D-CLIC / OIF certification). I build complete web applications, then audit them against the OWASP standard before they go live. Available immediately for a full-time role or freelance missions.

EXPERIENCE

Fullstack and security developer — Tropicana Pio Pio

Internship · 2026

- E-commerce platform for an herbal tea brand: Next.js 15, Django 5, PostgreSQL, FedaPay Mobile Money payment, bilingual FR/EN site
- OWASP audit: 5 vulnerabilities found, including a payment-status bypass fixed with HMAC-SHA256 signatures
- Stock management app (Django, Next.js, Supabase) and e-SFE electronic invoicing registration

Building electrician — Ets Divine Lumière Service Plus

May 2022 – December 2025 · apprentice, then electrician

- Building electrical installations: wiring, switchboards, lighting
- Troubleshooting and maintenance, including single-phase motors

LIVE PROJECTS

- **JRC Tontines** — tontine management for Ets JRC Services: cash desk, contribution cards, reports (Next.js, Supabase)
- **Artisan Nomade** — online shop for handmade jewellery, mobile-first (Node.js, Supabase)
- **Gestion de stock** — product, price and margin tracking for a shop (Django, Next.js)

EDUCATION

2026 **D-CLIC cybersecurity certification** — OIF, with NGO RAIL Bénin · thesis on auditing an e-commerce platform

2025 **CQM Building Electrician** — CMA-Bénin

2024 **Baccalauréat F3, Electrotechnics** — Grade: Assez bien (Good)

2024 **Technician Diploma in Electrotechnics** — LTP Porto-Novo · grade: Assez bien (Good)

2023 **CAP in Electrical Work** — LTP Porto-Novo
